

The background is a light beige color with various skin care product textures. There are several large, irregular shapes of white cream, pink liquid, and yellow liquid. Some of these liquids contain small bubbles. There are also several small, white, spherical capsules or beads scattered throughout. The overall aesthetic is clean and modern, focusing on the textures and colors of the products.

**PRIVATE LABEL
SKIN CARE PRODUCTS**

Welcome To Aurora Private Label Skin Care

Formulated with Plant-Based Ingredients

We craft clean, science-backed skincare using plant-based, vegan, and cruelty-free ingredients—ensuring safe, effective, and EU-compliant products.

Private Label & Custom Formulation Expertise

Whether you need ready-to-brand private label products or a unique custom formula, we bring your vision to life with low MOQs and fast turnaround times.

Innovation & Market Trends

Stay ahead with trending formulations, advanced active ingredients, and sustainable solutions tailored for modern beauty brands.

Full-Service Support from Concept to Market

We manage formulation, design, packaging, and logistics—so you can focus on growing your brand with confidence. Our experts are with you every step of the way.

Formulated to Meet the Highest industry standards

At Made by Aurora Global Brands, we specialize in crafting premium skincare formulations tailored to your unique brand requirements. From ingredient selection to certification goals, every step of the customization process follows our rigorous quality standards. Whether you're targeting COSMOS Natural, ECOCERT, Vegan & Cruelty-Free, or other clean beauty certifications, we ensure your product is compliant, effective, and market-ready.

How It Works

1. Choose Your Products And Try Samples

Browse our product range via catalog or online. Choose the skin care formulas, packaging, size, and variants of your choice.

2. Decide What To Order

Once you have tested and selected all of the products, send us your product list and quantity, and how you want to do labeling, then we will send you a quote and sales order.

3. Complete the Payment

You will be sent an official invoice from your account manager. Once confirmed and paid, we will move on to the design process.

4. Design Your Packaging

One of our designers will obtain necessary designing request from you, and then complete your artwork that will be sent to you for approval. Alternatively, please feel free to ask us for templates if you would prefer to design your own.

5. You Approve

Once your design is approved, we then start production.

6. Production Starts

Printing and production starts (taking 5-10 business days from the date of artwork approval).

7. We Dispatch

Your order will then be dispatched and the tracking details will be sent to you via email. We deliver worldwide so delivery times vary depending on your location.

Your Beauty Brand Printing & Labeling

Luxury Foil Stamp Printing

Add a premium touch to your brand with metallic foil stamping—available in gold, silver, rose gold, and more—for a high-end, eye-catching finish.

High-Quality Color Label Stickers

We provide vibrant, durable, and waterproof full-color label stickers that showcase your brand with sharp detail and lasting adhesion.

Silk Screen Printing

Achieve a clean, minimalist look with single-color silk screen printing—perfect for a sleek, modern brand identity.

Custom Packaging & Boxes

Elevate your unboxing experience with tailor-made packaging solutions, including printed cartons, sleeves, and inserts designed to match your branding.

FAQs

◎ What is the minimum order quantity?

For private label order, our MOQ is 12 units per formula. The price per unit will vary depending on the quantity you select. For customized formula development, MOQ will be much larger based on your request.

◎ How much does private label order cost?

We charge on formula, packaging and printing or labeling you selected for your brand.

◎ How do I price my products?

Determining the pricing for your products is a decision that rests with your brand. It is important for you to evaluate and devise the optimal strategy that will yield the best profit margin for your business.

◎ Can I sample products before I buy them?

We offer valued sample kits in sample packaging and individual samples in retail size packaging to customers. You can test the formulas and packaging before mass order.

◎ Are your products FDA approved?

While cosmetics are not required to be registered with the FDA, it is important to note that the FDA does regulate skincare. At Aurora Global Brands, our compliance team takes extensive measures to ensure that your products and their labels adhere to all FDA requirements and regulations, ensuring their legality and compliance within the industry.

◎ Are your product formulas vegan, natural, etc.?

We prioritize sourcing the finest ingredients from across the globe, ensuring that our formulas are both safe and effective. Our products contain no parabens, no SLS, no SLES, and no phthalates. Additionally, all of our skincare is cruelty free and vegan.

◎ What packaging options do you offer?

We provide various types of packaging. Our skincare products are packaged in high-quality glass bottles or plastic airless pumps to ensure the preservation and integrity of the products. On the other hand, our face wash and hair care products are packaged in recyclable plastic containers, reflecting our commitment to sustainability and environmental consciousness.

◎ Am I able to customize the formula or packaging?

At Aurora Global Brands, we specialize in offering private-label products. Our inhouse laboratory and produce development team are able to customize your own formulas and packaging, according to your request. Usually it will take longer period to do the development.

◎ How can you print my logo on packaging?

We offer luxury foil stamp printing, silk screen printing, UV colored printing and high quality labels.

◎ How can I design my own labels?

After placing your order, you will receive a template that allow you to fully customize your label with fonts, colors, and design elements. Our designer will guide you.

◎ How long does it take to receive my order?

Normally we can finish your order in 7 days from the date of your approved. However, it's important to note that the exact timeframe may vary depending on factors such as artwork complexity, order size, and the proofing process.

◎ Do you offer bulk order?

Yes, we supply cosmetics in bulk order. Please contact us for specific quotation.

Daily Purity Series

A balancing mousse cleanser powered by amino acids and probiotics to gently purify, control sebum, and restore a healthy skin barrier.

Featured in Packaging

Balancing Probiotic Cleansing Mousse

Key Ingredients & Benefits:

Gentle Yet Deep Cleansing
Amino acid-based surfactants like Disodium Cocoyl Glutamate and Sodium Lauroamphoacetate remove excess oil and impurities without disrupting skin barrier.

Microbiome Support and Sebum Regulation
Probiotic Ferments (Lactobacillus, Galactomyces, Fomes Extract) help balance oil and maintain a healthy skin microbiome.

Soothing & Barrier Repair
Blue Lotus Water, Peony Flower Water, and Polylysine soothe sensitive skin and reinforce the skin's natural defenses.

Hydration and Smooth Texture
A blend of Glycerin, Pentylene Glycol, and sugar-derived humectants (Xylitylglucoside, Alpha-Glucan Oligosaccharide) provide long-lasting moisture.
